ILUMNI

ILUMNI jest „dzieckiem” marki Hesmo i wyrosło na bazie jej doświadczenia. 5 lat obecności na rynku jasno zdefiniowało profil działalności firmy i pozwoliło na wypracowanie mechanizmów umożliwiających świadczenie usług na najwyższym poziomie. Historia i tradycja zostały doprawione młodzieńczą energią, najnowocześniejszymi technologiami i dbałością o wyjątkowy design.

Jako dostawca opraw oświetleniowych Ilumni koncentruje się na dwóch głównych grupach klientów: kliencie indywidualnym i kliencie inwestycyjnym, zapewniając i jednemu, i drugiemu kompleksową obsługę. Rozbudowany park maszynowy, a także bogate doświadczenie aranżacyjne umożliwia nam realizację zamówień o wysokim stopniu indywidualności, zarówno na poziomie produkcyjnym, jak i projektowym.

Kompleksowość i elastyczność naszych usług została wypracowana między innymi podczas licznych realizacji stworzonych dla branży hotelowej, śmiało więc można mówić o wysokiej specjalizacji firmy właśnie w tym sektorze klientów inwestycyjnych. Na każdym etapie realizacji zamówienia współpracujemy ściśle z architektami i projektantami wewnątrz, aby efekt końcowy był absolutnie zgodny z oczekiwaniami naszych Klientów i w pełni mógł zasługiwać na miano „realizacji indywidualnej”.
