Die angegebenen Werte Lumen/Watt (lm/W) beziehen sich jeweils auf eine Lichtquelle. Um den gesamten Lichtstrom/Energieverbrauch der Leuchte zu ermitteln, sind die Werte mit der Anzahl der Lichtquellen zu multiplizieren.

The mentioned data lumen/watt (lm/W) are based on one light source. In order to calculate the total light output/energy consumption of a luminaire, these have to be multiplied by the No. of light sources.

Die angegebenen Werte Lumen/Watt/Energieeffizienz basieren auf dem technologischen Entwicklungsstand zum Zeitpunkt des Erscheinens dieses Kataloges. Aufgrund der Innovationsgeschwindigkeit in der LED-Technik können sich die Werte innerhalb des Gültigkeitszeitraumes ändern.

The mentioned data lumen/watt/energy efficiency are based on the technological stage of development at the publication date of this catalogue. Driven by the speed of development within the LED technology, these data may change within the catalogue's validity period.
